Save your breath  
No need to tell me you're my friend  
I'm not gonna fall for that again.  
This human heart  
How many times can it be torn?  
Before a superhero is born

(Chorus)

This angel has lost her wings  
I'm building a monster  
Beneath all the scars you will see  
I'm building a monster

You showed your card  
No one's who they say they are  
And I'm not who you thought I was before  
hhmm...human heart, how many times can it be torn?  
Before a superhero is born

(Chorus)

This angel has lost her wings  
I'm building a monster  
Beneath all the scars you will see  
I'm building a monster
