G.Cole

Girl please believe my heart would never lie  
I know it's tough to see the truth sometimes  
Unpack your bags bring back the atmosphere  
This place is just a cell without you

I get so scared when i think about you leaving  
Don't walk away i beg you to stay  
Cos i, i can't live without your love  
You leave me now i swear that i'll die  
Cos i, i can't live without your love

I'll try real hard to be the things you need  
It had to come to this for me to see  
Even though i hide it there's no way to fight it  
Life would never be the same  
If you weren't here for me

I get so scared when i think about you leaving  
Don't walk away i beg you to stay  
Cos i, i can't live without your love  
You leave me now i swear that i'll die  
Cos i, i can't live without your love  
Don't walk away i beg you to stay  
Cos i, i can't live without your love  
You leave me now i swear that i'll die  
Cos i, i can't live without your love

We've had some hard times  
But you know what we have is true  
I'd rather be alone if i can't be with you

I get so scared when i think about you leaving  
Don't walk away i beg you to stay  
Cos i, i can't live without your love  
You leave me now i swear that i'll die  
Cos i, i can't live without your love  
Don't walk away i beg you to stay  
Cos i, i can't live without your love  
You leave me now i swear that i'll die  
Cos i, i can't live without your love
