You can't turn me away
You can't turn me away

Let's stay in tonight
I'm gonna love you if that's alright
A little time now is all I'm asking

Why make me wait so long
I'm going crazy is something wrong
Don't disappoint me say you're with me

You see

You can't turn me away
Though you tried in your heart
You long for me to stay
You can't turn me away
So don't try

My weakness is I want more
That's a problem you can't ignore
So understand me is what I'm saying

I'm a fool to let you see
What a mess you make of me
So listen girl I just can't leave
Is what I'm saying

You see
You can't turn me away
Though you tried in your heart
You long for me to stay
You can't turn me away
So don't try

(Repeat)

A little pain never hurt nobody
So I've been told
A little love sometimes does

Well i'm doing all i can just to let you know

You can't turn me away
Though you tried in your heart
You long for me to stay
You can't turn me away
So don't try
