Kamen/Paxman/Muggleton

Somebody else to talk to  
Somebody else who cares  
Somebody else to love me when you're not there

Somebody's arms around me  
Someone to hold me tight  
Somebody's bed to share on lonely nights

I know i'm crazy to love you so  
I can't imagine how you can go

So close with you by my side  
I could go on loving you everynight  
Oh babe don't let go  
I need somebody's arms to hold me

I know you're tired of talking  
Your bags are on the floor  
I wish you'd told me all of this before  
I didn't see you changing  
You must of needed more  
I can't stop you walking out the door  
I know i'm crazy to love you so  
I can't imagine how you can go  
So close with you by my side  
I will go on loving you all of my life  
Oh babe don't let go  
I need somebody's arms to hold me

Somebody's arms around me  
Someone to hold me tight  
Love me through the night  
Somebody's arms around me  
Someone to hold me tight  
Make me feel alright

My hands are tied up i can't break free  
I'm going crazy why can't you see  
So close with you by my side  
I will go on loving you all of my life

Cool babe don't let go  
I need somebody's arms to hold me  
Somebody's arms to hold me baby  
So close with you by my side  
I could go on loving you  
We don't have to suffer babe  
Cool girl my hearts on fire  
I need somebody's arms to hold me  
Somebody's arms to hold me baby
