That other chick's a knock off
Where you get that fake bitch
She's an imitation
Little Kim's that real shit
She's faker than a Louie bag
Fresh up from canal street
I'm one of a kind
You will never find another me

It's funny to me how
You jumpin' all over the rebound
Break up to get locked down
The second I got gone, I guess
The minute you holler
You spending your counterfeit dollars
I guess it is cheaper
Much cheaper to keep her
What ever
Maybe she'll treat you well
And tell you everything you need to feed your ego
Oh that ego
? you found someone who looks like me
I take it that you miss me

[Chorus]
She was just a knock off
Yeah just a knock off
He want a girl that can rock her hair just like me
But does she got it?
No
Well is she hotter?
No
She ain't the real thing
She ain't the real thing
No oh oh
Knock off
She's just a knock off
He want a girl that can rock a star just like mine
But does she got it?
No
Well is she hotter?
No

She ain't the real thing
She ain't the real thing
No oh oh

Your fraudulent behavior
Popping tags on gazy labels
Brand new so fresh on the table
Is she able (able, able, able)
You taking the risk now
But thinking it's better at discount
You better be careful, you get what you paid for
You paid poor
Maybe she'll love you good
And hold you tight at night
While your thinking about me
Ironically you found someone who looks like me
I take it that you miss me

[Chorus]

She was just a knock off
Yeah just a knock off
He want a girl that can rock her hair just like me
But does she got it?
No
Well is she hotter?
No
She ain't the real thing
She ain't the real thing
No oh oh
Knock off
She's just a knock off
He want a girl that can rock a star just like mine
But does she got it?
No
Well is she hotter?
No
She ain't the real thing
She ain't the real thing
No oh oh

I was your real life Playboy Bunny
Every man's fantasy
Now you got a blow up doll on your arm that looks like
me
Missing me so much you went and got yourself a clone
Used to have a diamond, now you got a rhinestone
She ain't in my class
She ain't in my time zone
I'm out of this world
E.T. phone home
It's funny to me how

I'm what they wanting to be now
Welcome to copying Kim
Everyone follow my lead now

[Chorus]

She was just a knock off
Yeah just a knock off
He want a girl that can rock her hair just like me
But does she got it?
No
Well is she hotter?
No
She ain't the real thing
She ain't the real thing
No oh oh
Knock off
She's just a knock off
He want a girl that can rock a star just like mine
But does she got it?
No
Well is she hotter?
No
She ain't the real thing
She ain't the real thing
No oh oh
