#### Verse 1.

when she sleeps at night  
see i wake up  
just to look at her face  
no makeup  
when she open her eyes  
i fall in a daze  
its like a love spell  
sometimes i love to hate  
see the sex was amazing all good great  
my favorite mate always on time never late  
see she did anything for me  
did the same for her  
treated her like a princess not some whore  
when i rub my fingers threw her hair  
see i never wanted her gone just to stay right here  
but sometimes things don't work out the way they  
should  
see my only dreams is that i wish they would  
(come back home baby)

#### Verse 2.

See we did everything for each other  
3am trips to the store just to get some butter  
my lover ya my one and only  
this was true love no fake no phony  
see this girl had style and some looks to kill  
its like she had a mouth full of diamonds  
no grill  
always kept it real  
she was just my type  
simple beautiful outgoing and chill  
always put up with anxiety at night  
see that's a quality that's hard to find  
might of not been the model type  
but that's alright  
her qualities on the inside  
were just right  
(i love you baby)
