I sing the words i've written  
And you still, appear in them  
I try to keep my distance  
But my heart says, to go and kiss you

And i tried and tried, to keep you hungry  
But trying seems to fade the dream away

I just want to know where, because i'll always be there  
I just need to know when, because i'll wait until then  
The what's the kiss, and the why's the love  
The who, it's you, it's you my love  
And i'm still, i'm still, obsessed

The future's not unwritten  
Because i knew that you'd be smitten  
I tried to ask the question  
But my lips have been sealed and bitten

I make a foolish mistake  
But that won't, that won't spoil our day  
I say things i don't mean to say

But you'd like to keep it that way

And i tried and tried, to keep you hungry  
But trying seems to fade the dream away

I just want to know where, because i'll always be there  
I just need to know when, because i'll wait until then  
The what's the kiss, and the why's the love  
The who, it's you, it's you my love  
And i'm still, i'm still, obsessed

### BRIDGE

I just want to know where, because i'll always be there  
I just need to know when, because i'll wait until then  
The what's the kiss, and the why's the love  
The who, it's you, it's you my love  
And i'm still, i'm still, obsessed
