She's the hot kind of girl
The kind of chick to take your man type of girl
Got his attention, better not come over here
Cause if she do then I'mma have to take it there

I wish she would would
I'm about to get hood hood

I'm like a warrior when it comes to my man
Not overprotective but I want some respect
You cross the line and there'll be no turning back
Brought this on yourself and now I'm 'bout to attack

Let the games begin, I hope you're ready to fight
Cause I'm in it to win it so better run for your life

I'm a gladiator, I'm a gladiator
And I'mma battle, why don't you ah ah ah?
I'm a gladiator, I'm a gladiator
And I'mma battle, why don't you ah ah ah?

Are you not entertained?

You's a very brave girl
Don't matter too 'bout who you messing with girl
I get excited when it's time to fool around
Take off your earrings then I'm taking you down

I wish she would would
I'm about to get hood hood

I'm like a warrior when it comes to my man
Not overprotective but I want some respect
You crossed the line and now there's no turning back
Brought this on yourself and now I'm 'bout to attack

Let the games begin, I hope you're ready to fight
Cause I'm in it to win it so better run for your life

I'm a gladiator, I'm a gladiator
And I'mma battle, why don't you ah ah ah?

Iâ€™m a gladiator, Iâ€™m a gladiator
And Iâ€™mma battle, why donâ€™t you ah ah ah?

Are you not entertained?

I got sticks and stones, they will break your bones
Iâ€™m not much of a talker so leave my man alone
Iâ€™m usually classy until you challenge me
And now thereâ€™s nowhere to hide, this is my battle cry

Let the games begin, I hope youâ€™re ready to fight
Cause Iâ€™m in it to win it so better run for your life

Iâ€™m a gladiator, Iâ€™m a gladiator
And Iâ€™mma battle, why donâ€™t you ah ah ah?
Iâ€™m a gladiator, Iâ€™m a gladiator
And Iâ€™mma battle, why donâ€™t you ah ah ah?

Let the games begin, I hope youâ€™re ready to fight
Cause Iâ€™m in it to win it so better run for your life

Iâ€™m a gladiator, Iâ€™m a gladiator
And Iâ€™mma battle, why donâ€™t you ah ah ah?
Iâ€™m a gladiator, Iâ€™m a gladiator
And Iâ€™mma battle, why donâ€™t you ah ah ah?
