(Verse)

Excuse and disregard
If I make you uneasy or come off hard
My only intentions are

To let you know it's over

Not trying to hurt your heart
Though I might injure your pride
Leave your ego scarred
I could be your cold hearted bitch
But instead I'll just say this baby it's over

(Chorus) x2

Tired of being treated like I'm stupid
Baby I'm done
Anybody feel like I feel then help me sing it, sing it
Over over

(Verse)

I could go off I could show my ass
Blow up like a match to a tanker gas
But instead I choose to maintain my class
And simply tell you that it's over, it's over

And I leave and leave your car intact
Slashing tires, breaking windows I'm too cute for that
Keep you whip top tip not a fucking scratch
And know that it is over, over

(Chorus) x2

Tired of being treated like I'm stupid
Baby I'm done
Anybody feel like I feel then help me sing it, sing it
Over over

(Bridge)

I ain't mad at ya
I ain't mad at ya
You gon' hold me back
And I'ma laugh at you

That's funny
You funny
That's funny

(Chorus) x2

Tired of being treated like I'm stupid

Baby I'm done

Anybody feel like I feel then help me sing it, sing it

Over over
