Haven't been lately out today  
Tonight I wanna be somebody different  
Somebody that you could see on your dreams  
Somebody who can prefer your fantasy

I'm so into you  
That's why I'm in the mood  
Baby I'm ready  
You better hold on until you see, yeah  
I hope you know what to do with it  
When I put it there

So baby don't you let go  
Now I take control  
I hit it up, I did it up like a rodeo  
Baby it's yours  
We already know  
Can I switch it up ? Oooh I'm just asking.

\*Hook\*

Baby can I love you how you love me  
Let me touch you like you touch me  
I'm singing you a lullaby  
Like hush, little baby don't say a word  
Love you how you love me  
Let me touch you like you touch me  
I'm singing you a lullaby  
Imma rock your body baby put in that world

I turn off the lights  
Let my hands be the eyes  
The eyes that see you  
I need you to realize that it's my turn  
We gonna do in my way  
All night all day

So baby don't you let go  
Now I take control  
I hit it up, I did it up like a rodeo  
Baby it's yours  
We already know  
Can I switch it up ? Oooh I'm just asking.

Baby can I love you how you love me  
Let me touch you like you touch me  
I'm singing you a lullaby  
Like hush, little baby don't say a word  
Love you how you love me  
Let me touch you like you touch me  
I'm singing you a lullaby  
Imma rock your body baby put in that world

Lullaby

Putting you to bed at night  
Tell me it's that alright  
Doing everything you like  
I can be your lullaby  
Putting you to bed at night  
Tell me it's that alright  
Doing everything that you like

Baby can I love you how you love me  
Let me touch you like you touch me  
I'm singing you a lullaby  
Like hush, little baby don't say a word  
Love you how you love me  
Let me touch you like you touch me  
I'm singing you a lullaby  
Imma rock your body baby put in that world

Haven't been lately out today  
Tonight I wanna be somebody different  
Somebody that you could see on your dreams  
Somebody who can prefer your fantasy
