Can't Fight The Feeling
Can't fight the feeling now
It knocks you to the ground
And breaks the reason down

[Chorus]
Is there anyone who can help me out?
Is there anyone?

You're scared and screaming loud
But no one hears a sound
The voice you never found

[Chorus]

You're lost within the crowd
Your heart begins to pound
The shadows that surround

[Chorus]
Is there anyone who can help me out?
Is there anyone, knows what I'm talking bout?
Aah

Can't fight the feeling now
You're scared and screaming loud
You're lost within the crowd

[Chorus]
Is there anyone who can help me out?
Is there anyone, knows what I'm talking bout?
Aah

Just breath in
Go ahead and keep it
Never said the secret
In your head the meaning
Better let it

Breath in
Go ahead and keep it

Never said the secret
In your head the meaning
In the end a

A secret in your head
It's just a secret in your head
A secret in your head
It's just a secret from yourself
