On a plane at 12 o'clock
By 5 p.m. we were half a world apart
New city, brand new start
My body's here, but is my heart?

Unpack my bags at 10 o'clock
By 2 a.m. my eyes still can't shut
A new way, new direction
For better or worse, I'm gonna make it work

Oh the good things come
Oh this game has just begun
Change is gonna happen
Cause and reaction
Oh the good things come

On a train at 8 o'clock
By 9 a.m. I'm right at my stop
Keep my chin up, clench my coffee cup
I'm ready for whatever comes

Walk up the stairs right on cue

Can't help but smile when I think of you
But one-way street, no need repeat
My future is just wait and see

Oh the good things come
Oh this game has just begun
Change is gonna happen
Cause and reaction
Oh the good things come

Every time
In every place
Finding home in change
Life is gonna happen
It's just the master plan
Oh the good things come

Oh the good things come
Oh this game has just begun

Change is gonna happen
Cause and reaction
Oh the good things come
