Verse

On a Friday night
Low cut top and all the boys are staring
Babe ya dressed to invite
Make me stop to check out what she's wearing
And I think I might
Move a little closer, couldn't bear it
To not ask this girl to dance

And now she's feeling me
In this club I've never been before
I said she's stealing me,
Feels like love, I never wanted more
Short skirt, high heeling me
Wanna get her number, then take the full tour
In case she wants another dance

Chorus

But we haven't said a word
Don't know her name
Never looked into her eyes
And it's absurd
How we play this game and how she tries
To be so sexy, who's it for?
No it won't impress me anymore
Just another shallow night

Verse 2

And so she leads me on
I can't resist, it's all as if she planned it
And now she's gone
What could this leave me but empty-handed
It's a sour song
And it persists, together we're all stranded
'Til we look for something more

Chorus

Bridge/Solos
