Feelin nervous, feelin good  
Feelin just the way I should  
Tonight's the night to start out right  
We're going out for the first time  
Clean my clothes, shave my face  
Brush my teeth to be safe  
Run out my door to the street  
Cannot wait until we meet

I know not everything works out just so  
All I can do is just go with the flow

It's gonna be a date night tonight  
Gonna be a great night tonight  
Gonna be a late night tonight  
But I don't care tomorrow's Saturday  
Got my lines right on point  
Though I'll probably screw them up  
I think I might just test my luck  
I don't care tomorrow's Saturday

Pick you up and drive you down  
To my favorite place in town  
You giggle softly at my jokes  
Even though they're horrible  
We take a walk along the bay  
Holdin hands the whole way  
Can't believe you're so sweet  
The best ending to my week

I know not everything works out just so  
All I can do is just go with the flow

It's gonna be a date night tonight  
Gonna be a great night tonight  
Gonna be a late night tonight  
I don't care tomorrow's Saturday  
Got my lines right on point  
Though I'll probably screw them up  
I think I might just test my luck  
I don't care tomorrow's Saturday

I've waited all week for this moment  
To stand and look into your eyes  
Why not have this one moment  
Where we let sparks fly

It's gonna be a date night tonight  
Gonna be a great night tonight  
Gonna be a late night tonight  
I don't care tomorrow's Saturday  
Got my lines right on point  
Though I'll probably screw them up  
I think I might just test my luck  
I don't care tomorrow's Saturday (3x)

We stay up until the sunrise  
Talking 'bout this crazy life  
Another week gone by  
But I found, said I found  
I found, I found  
Ooh ooh  
No no no no no no no no  
But I found, said I found  
I found, I found and  
I found, I found  
Love, love, love last night
