CHORUS:

In the dead of the night when I'm awake
Do you think about tomorrow or yesterday when it's
forgotten do you wish I stayed? I'm tryna be right this is
my life I can't stay so I just fade.

VERSE:

So you like the guy with dreams and goals, you were
tired of the men who had sold their souls following the
fold, but that's not true. Following the gold, that's more
like you.

Now a chance to escape from all of that life cause you
want to escape from all of that right?

Here's your chance but I want you well in advance.

Still you decide to trash out, change your face.

I'll tell you right now lady that you know we're going
places.

So while we ride please girl hold on, take my hand now
girl and we can't go wrong.

Hope you realize chancing dreams ain't easy, there are
times when you can't fight believe me.

Too much of your life's plan, let's just swing it life's a
game and I'm begging you to bring it right here(right
here), I know(I know) that there's too much too lose.

It's a wake up call girl, but you're still hitting snooze.

You say "give up" too quickly and I don't know why.

But I know will miss me when you lie awake and cry.

CHORUS:

In the dead of the night when I'm awake
Do you think about tomorrow or yesterday when it's
forgotten do you wish I stayed? I'm tryna be right this is
my life I can't stay so I just fade.

VERSE 2:

I told you that I wanna be a music man

You said "alright baby what's your back up plan?"

I wonder why that's the first place you go.

You could have a little faith girl, you know?

I know this dream could be a long shot, but you could
show some support and what not.

Finally found an answer to return and say, made it up
that's what daddy does anyway.
I feel bad how I was forced to lie, sometimes your
dreams need an alibi.
Clearly that's an answer she likes to hear, she grabs
her and whispers something in my ear: "you're gonna
be a great man one day."
Yeah maybe I'll get mine someday.
I'd rather leave and not lie, it ain't right but now you're
stuck right here girl.

CHORUS:

In the dead of the night when I'm awake
Do you think about tomorrow or yesterday when it's
forgotten do you wish I stayed? I'm tryna be right this is
my life I can't stay so I just fade.

In the dead of the night when I'm awake
Do you think about tomorrow or yesterday when it's
forgotten do you wish I stayed? I'm tryna be right this is
my life I can't stay so I just fade.
