How can you stop, when it's everything you
dreamed
And there's so far left to run
How can you quit when it's all you've ever
wanted
And you don't know what's to come
But don't you see this is what you hurt for
And this could be all you've ever worked for

[Chorus:]

One step down
With a million left to go
It's just us now
And I wanna let you know
That it was all worth it
It was all worth it

Why do you hide
From exactly what it is you've been searching for
all along
And why do you wait
Cuz you know if you don't go and get it you'll
regret it all when it's gone
You try so hard it's what you play this game for
It's time you start getting what you came for

[Chorus]

Sacrifice
It wouldn't be half as nice
Without that struggle and hustle you know that
that's the life
It's got me thinkin'
It's got me thinkin'
Paradise
Cuz you went and did it right
See now you work all day and then you play all night
Now you're singin'
Oh Oh Oh Oh Oh Whoaoh
Now you're singin'

[Chorus]
