You
Struck a match inside
This frozen hart of mine
You set my world on fire
Stranded days been confused
Stumbering drunk on you
Consumed by my own desire
Tell me how tell me how

You burn right through me you undo me yeah
What a way to go
Oh you twist and turn me ignite and stir me yeah
You know I've got to learn how you burn how you burn

Lost in a stadium full of frowns
Till your smile turned it all around
Now the mention of your name
Feds the flame
A flame that

Burns right through me you undo me yeah

What a way to go
Oh you twist and turn me ignite and stir me yeah
You know I've got to learn how you burn how you burn

Oh I wanted just to know you
Even just to come close
But every time we touch
That fire goes up in smoke

Cause you burn cause you burn
What a way to go
Oh you twist and turn me ignite and stir me yeah
You know I've got to learn
How you burn right through me you undo me yeah
What a way to go
Oh you twist and turn me ignite and stir me yeah
You know I've got to learn how you burn how you burn
How you burn
