Sometimes in life
It can be hard
To figure out the right way

So many roads
You walk alone
Fighting to make it through the day

Lost in a maze
You try to go back
Wanting to find the right track

And when you're up against the wall
I will stick with you through it all

Every time you break
I'll break in pieces
Every time you fall
I'll fall with you
At the end of every road
I will be there
In the darkest night
I'm shining through
Follow me and I'll follow you

I know your pain
I see the tears
That you won't show to anyone

I see your eyes
The hurt and the lies
No need to pretend it's all right

Cause I've been there too
And I made it through
And I will be right beside you
You don't have to face this world alone, no

Every time you break
I'll break in pieces
Every time you fall

I'll fall with you
At the end of every road
I will be there
In the darkest night
I'm shining through
Follow me and I'll follow you

I'll be your place to hide
I'll be by your side
No matter what you do
I'll be there for you
I'll be there for you
