How to make a sound
Trust, that we can will somehow
Breathe, before you run away
If you could just believe that we could find the way
I'd make you stay

You're here, but your heart is on the run
Can't keep holding on, with i'm the only one
So deside, deside make up your mind
I've drawn a line, but now the end's in sight
You're out of time

How are we supposed to last, when you're leaving
Looking for the greener grass, on the other side
And it's here and now

If you could just stop running
How are we supposed to shine
When you always keep me in the dark
The time is here and now
Just hear me out

I never thought that I would risk it all
I never thought we'd walk the line
But now I'm pushing up against the wall
Won't you meet me on the other side?
Hear me out, hear me out
Just hear me out, just hear me out

Hear me out
Hear me out

How are we supposed to last when you're leaving
Looking for the greener grass, on the other side
When it's here and now
If we could just stop running
How are we supposed to shine
When you always leave me in the dark
The time is here and now
Hear me out
