Look at me standing here
Waiting for the train that doesn't stop here
In my mind I decline love drifts away more than a light-
year
Never to return

And though it won't be easy
You and I should go our own way

It feels like, it feels like, it feels like love is on it's way
'Cause I don't see the sunlight in your eyes
It seems like, it seems like the love we had has slipped
away
And so I'll say goodbye

In review, I look at you
Now what am I supposed to do without you
Faithfully, I believe I never will forget what we have
been through
Forever in my mind

But now the story's ending,
You and I must go own way

It feels like, it feels like, it feels like love is on it's way
'Cause I don't see the sunlight in your eyes
It seems like, it seems like the love we had has slipped
away
And so I'll say goodbye

And we wait for the moment
When we say you're my best friend
We know that is how we'll feel
Heaven knows that time will heal the wounds

But now the story ends here,
You and I will go own way

It feels like, it feels like, it feels like love is on it's way
'Cause I don't see the sunlight in your eyes
It seems like, it seems like the love we had has slipped

away
And so I'll say goodbye
