Crush me
You gotta take this ego off me
You gotta do it to me baby
You're everything I want

Now show me
Only through your eyes I can see
Only through your wounds I will bleed
Into something, someone good

ooooohooo

[Chorus:]
Shine a little light on me
Shine a little light on me
When it's getting dark, too dark to see
Shine a little light on me

Go, go
I'm getting ready for the new road
I'm getting ready to be overthrown
So come and take me over

Now lover
Oh let the music take control of
Of this body, mind and soul

[Chorus]

Ooooh! Ooooh

Oh, let me turn you over baby
Oh, let me slip deep inside
Oh, let me be your comfort darling
Oh, let me be your lover tonight
And fly, fly

[Chorus][x2]

Shine....
Shine....
