Home alone, Friday night
Counting down all city lights
Cause all that's left
don't seem to turn out right

Result of too much hangin' round
I scream but don't hear a sound
Need someone to bring my circus back to town

You said you'd be right over
You said you'd be the girl that sells the truth

But the truth of the matter is
I'm over you
The truth of the matter is
I'm over you
The truth is never far behind
I'd catch it if I could

To call this off, and start anew
Would be the sensible thing to do
So why do I still want to be your fool

You said you'd be right over
You said you'd be the girl that sells the truth

But the truth of the matter is
I'm over you
The truth of the matter is
I'm over you
The truth is never far behind
I'd catch it if I could

Girl someday soon
We're gonna bend the rules

You said you'd be right over
You said you'd be the girl that sells the truth

But the truth of the matter is
I'm over you

The truth of the matter is
I'm over you
The truth is never far behind
I'd catch it if I could

The truth of the matter is
I don't matter much to you

Oh no!
