This summer heartbeat is the last  
It shivers, then it's gone  
Now the days are moving fast  
I've been waiting here to long

I've seen the dewdrops turn to frost  
Reminding me of what is lost

Chorus:

I've seen it all before  
I played your little games  
I fought in all your wars  
They always end the same  
I won't fight you anymore  
There's nothing to defend  
My back's against the wall  
I'm waiting for the end  
Just waiting for the end

We move in circles we don't speak  
There's nothing left to say  
I may look strong but I feel so weak  
Now the silence is here to stay  
It's in our hearts, it's in our heads  
Right between us in our beds

Chorus

I'm waiting for the end  
I'm waiting for the end

I've seen it all before  
I played your little games  
I fought in all your wars  
They always end the same  
I won't fight you anymore  
No I won't take the blame  
My back's against the wall  
I'm waiting for the end  
I'm waiting for the end  
I'm waiting for the end

I'm waiting for the end  
I'm waiting for the end
