I'm on got a 12 step program  
To quit you babe  
I'm on got a 12 step program  
To quit you baby  
I'm tired of wining and pacing the floor  
I ain't gonna do it no more  
On a 12 step program to quit you babe

Step one, I'm gonna tear your picture down  
Step two, I'm gonna move the room around  
Step three, I'm gonna walk out the door  
Gonna leave you for number four  
On a 12 step program to quit you babe

Step five I will acquire a whole new jive  
Step six and brand new bag of tricks  
Step seven if it's not too late  
Help me get to number eight  
On a 12 step program to quit you babe

Well a little taste was all that it took  
To get me well and truly hooked  
Take a look at my arm you won't find a track  
But I'm suffering baby  
While I got you on my back

Step nine I'm gonna pick out a place to dine  
Step ten will begin after we get in  
It's gonna be like a miracle from heaven  
If I ever get past eleven  
On a 12 step to quit you babe

I can't quit you baby  
I can't let go  
Can't quit you darling  
I can't stop  
Loving you baby  
I can't stop
