I love the sound of breaking glass
Especially when I'm lonely
I need the noises of destruction
When there's nothing new

Oh, nothing new, sound of breaking glass

I love the sound of breaking glass
Deep into the night
I love the sound of its condition
Flyin' all around

Oh, all around, sound of breaking glass
Nothin' new, sound of breaking glass

Oh, all around, sound of breaking glass
Nothin' new, sound of breaking glass
Safe at last, sound of breaking glass

I love the sound of breaking glass
Deep into the night
I love the work on it can do
Oh, a change of mind

Oh change of mind, sound of breaking glass
All around, sound of breaking glass
Nothin' new, sound of breaking glass
Breaking glass, sound of breaking glass

Sound of breaking glass, sound of breaking glass
Sound of breaking glass, sound of breaking glass
Sound of breaking glass, sound of breaking glass
