a part of me will always be sitting quietly waiting for
your shadow to cast it's cool across my face.
my heart , my love, all back in place,
when you return me to grace

when you look into my eyes take my hand
hold me tight
and we'll stay quiet for a moment or two
until you say 'it was always you'
oh it must have been madness , madness , madness
oh what makes you think you belong anywhere else?

I will live and fill my days
but I'll be thinking of your ways
how nothing's happened till i've told you
nothing feels real.
and I don't know myself
and I don't know where you are
and I can only sleep when I picture you

as you look into my eyes ,take my hand,
hold me tight

and we'll stay quiet for a moment or two
until you say 'it was always you'
oh it must have been madness , madness , madness
oh what makes you think you belong anywhere else?

will this ever end?
oh will I ever be at peace again?
will I live to see, will you ever

look into my eyes ,take my hand,
hold me tight
and we'll stay quiet for a moment or two
until you say 'it was always you'
oh it must have been madness , madness, madness
oh what makes you think you belong anywhere else?

oh it must be madness, madness , madness
what makes you think you belong anywhere else?
