I've come so far just to watch you fall flat on your face  
I stand you fall back to the ground  
We'll show the world, we'll show them all just who you  
really are

Stop trying to reel me in  
I'm strong and you are weak  
I'll show you what it means to  
Lose faith in everything  
Stop trying to reel me in  
I'm strong and you are weak  
I'll show you what it means to  
Lose faith in everything

I am so condescending  
I'll always stand up strong against the way you lie  
I have been tempted from time to time  
To bury your world, I'll bury your world alive

I've come so far just to watch you fall flat on your face  
I stand you fall back to the ground  
We'll show the world, we'll show them all just who you  
really are

Stop trying to reel me in  
I'm strong and you are weak  
I'll show you what it means to  
Lose faith in everything  
Stop trying to reel me in  
I'm strong and you are weak  
I'll show you what it means to  
Lose faith in everything

I am so condescending  
I'll always stand up strong against the way you lie  
I have been tempted from time to time  
To bury your world, I'll bury your world alive

So go ahead sleep  
You'll rest in peace  
You'll never be more than a memory to me

Rest in peace  
You will never be a memory to me

I am so condescending  
I'll always stand up strong against the way you lie  
I have been tempted from time to time  
To bury your world, I'll bury your world alive

I will bury your body limb by limb
