I need a piss, wanna hate
Look it up, girl

My love, eat your meat
Keep your teeth, burn

You lost me, you cost me
You thought me of me, yeah

We're bad, what we do

You wanna get boned, you wanna get stoned
You wanna get a room like no-one else
You wanna be rich, you wanna be kitch
You wanna be the bastard of yourself
You wanna get burned, you wanna get turned
You wanna get dragged inside out
You wanna be ruled, you wanna be fooled
You wanna be a woman like a man
Like a woman like a man

(I'll get a cheaper ticket next time)
Woman like a man, like a man
(I'll get a cheaper ticket next time)
Like a woman like a man, woman like a man

I need a piss, want to wait
Suck it up, cum

My love, eat your meat
Itchy feet, run

You reach me, you bleach me
You teach me of me, how familiar

We're bad, what we do

You wanna get boned, you wanna get stoned
You wanna get a room like no-one else
You wanna be rich, you wanna be kitch
You wanna be the bastard of yourself

You wanna get burned, you wanna get turned
You wanna get dragged inside out
You wanna be ruled, yeah you wanna be fooled
You wanna be a woman like a man
Like a woman like a man

(I'll get a cheaper ticket next time)
Woman like a man, like a woman like a man
(I'll get a cheaper ticket next time)
Like a woman, like a woman
(It really wasn't worth the ride)
Woman like a man, like a woman like a man

(Like a woman like a man)

(I'll get a cheaper ticket next time)
Like a woman, like a woman
(I'll get a cheaper ticket next time)
Woman like a man, like a woman like a man
(I'll get a cheaper ticket next time)
Like a woman, like a woman
(It really wasn't worth the ride)
