At first the fingers start to twitch
The blood is set in commotion
The feet start to beat
Strange tattoos on the street
A warmth floods fast
(They grow wild)
The devil's dived
Inside their minds
Everyone's on fire

Like mad dogs they slather
Writhing and rabid
Feverishly twisting
A tragic display

Wrestling tremors
Imprisoned in prisms
Together in silence
They desperately pray

Ferocious, voracious
Infectious, afflictions
Convulsions, contortions
Devour their victims

A descent into savagery
Plummeting rapidly
They tried in vain
To shake this terrible hex

With reckless abandon
Belief was confounded
By spiraling, spluttering,
Quivering wrecks

And we watched them dance
Themselves to death
And we watched them dance
Themselves to death
And we watched them dance
Themselves to death
And we watched them dance

Themselves to death
And we watched them dance
Themselves to death
And we watched them dance
Themselves to death
