Gonna love you
Gonna love you if you want me to
I need you
I need you right now
Gonna love you
Gonna love you if you want me to
I need you
I need you right now

The wrong step in the right direction
You're under my skin, my favorite sin
No time for false pretences
You set the fire burning in my veins

I've been waiting for you
Came in this bar and here you are
We can't undo what has been done
Baby, press play, we're gone
We're Gone

Gonna love you
Gonna love you if you want me to
I need you
I need you right now
Gonna love you
Gonna love you if you want me to
I need you
I need you right now

I'm going out of my mind for you
Can't control myself around you
I need to breathe before I drown
You've turned my life, baby
Inside out

I've been waiting for you
Came in this bar and here you are
We can't undo what has been done

Baby, press play, we're gone
We're Gone
We're Gone

I've been waiting for you
Came in this bar and here you are
We can't undo what has been done
Baby, press play, we're gone
I've been waiting for you
Came in this bar and here you are
We can't undo what has been done

Baby, press play, we're gone

We're Gone
Gonna love you
Gonna love you if you want me to
I need you
I need you right now
Gonna love you
Gonna love you if you want me to
I need you
I need you right now

You need me, Dont forget it
You'll need me more than youll admit it
We fit together always have
All I need is you, In my grasp

I've been waiting for you
Came in this bar and here you are
We can't undo what has been done
Baby, press play, we're gone
We're Gone
