I guess I was too blind
To see the cold in your eyes
I was naive
To believe you ever loved me

Memories keep racing through my mind
Did you lie
Did you ever really need me

You wanted me to believe in something real
Didn't know, you were wrapped up, in his arms, (in his arms)

I'm over you now
But that doesn't kill the pain
I'm over you now
You took my love
But never again
We are done and over
Cuz you burned me with your lies (lies)
I'm letting go of the you
I held inside
Goodbye, Goodbye

I guess you never cared
For me to be around you
You let me go
And now I'm all alone

You were so twisted
When you went for another
You left me wasted

Broken hearted inside.
(Yeah, yeah, yeah)

I needed to believe in something real (so real)
Didn't know, you were wrapped up, in his arms

I'm over you now
But that doesn't kill the pain
I'm over you now

You took my love
But never again
We are done and over
Cuz you burned me with your lies (lies)
I'm letting go of the you
I held inside
Goodbye (Goodbye)

Don't tell me I'm the one blame
Just an idiot that doesn't get a say
They told me you'd been here before
It was something I thought I could ignore

I'm over you now
But that doesn't kill the pain
I'm over you now
You took my love
But never again
We are done and over
Cuz you burned me with your lies
I'm letting go of the you
I held inside
Goodbye
