I'm not afraid to show you how I feel.
I'm not afraid to say I've changed.
So many things have happened,
Too many times,
I can't help but feeling alive.

It's gonna be my finest hour.
I'm gonna take my chance tonight.
Don't stop me now 'cause I've got the power,
Just be with me in my finest hour...

There'll be candle light (I see it now),
And the music plays (I hear the song),
As we sip champagne,
Through the night.

Then you take my hand (It feels so warm),
And we start to dance (I'll hold you near).
We will share a kiss,
It'll be alright.

It's gonna be my finest hour.
I'm gonna take my chance tonight.

Don't stop me now 'cause I've got the power,
Just be with me in my finest hour tonight.

It's gonna be my finest hour.
I'm gonna take my chance tonight.
Don't stop me now 'cause I've got the power,
Just be with me in my finest hour tonight.

(There'll be candlelight) It's gonna be my finest hour.
(I see the shine) I'm gonna take my chance tonight.
(Let the music play) Don't stop me now cause I've got
the power,
Just be with me in my finest hour tonight.

(When you take my hand) It's gonna be my finest hour.
I'm gonna take my chance tonight.
(When we start to dance) It's gonna be my finest hour.
I'm gonna take my chance tonight,

Don't stop me now cause I got the power,
Just be with me in my finest hour tonight...
