Have you looked into your heart did you find a memory
or two
Even though the flame has died maybe there's a spark
inside
Have you looked into your heart
Have you searched through all your dreams did you
ever find a trace of me
Even though you say we're through that I'm not the one
for you
Have you looked into your heart
When the evening shadows fall upon my window pane
I find I'm crying over and over and over and over again
Ever since we've been apart all I do is pray for your
return
Take a look and you will see maybe there's a place for
me
Have you looked into your heart
(Oh oh oh when the evening shadows fall upon my
window pane)
I find I'm crying over over and over and over again
Ever since we've been apart...
