Con este tango que es burlÃ³n y compadrito
se atÃ³ dos alas la ambiciÃ³n de mi suburbio.
con este tango naciÃ³ el tango, y como un grito
saliÃ³ del sÃ³rdido barrial buscando el cielo.

Conjuro extraÃ±o de un amor hecho cadencia
que abriÃ³ caminos sin mÃ¡s ley que la esperanza,
mezcla de rabia, de dolor, de fe, de ausencia
llorando en la inocencia de un ritmo juguetÃ³n.

Por tu milagro de notas agoreras
nacieron, sin pensarlo, las paicas y las grelas,
luna de muddles, canyengue en las caderas
y un ansia fiera en la manera de querer.

I touch your lips and all at once the sparks go flying
those devil lips that know so well the art of lying
and though I see the danger still the flame grows higher
I know I must surrender to your kiss of fire

Just like a torch, you set the soul within me burning
I must go on, I'm on this road of no returning
and though it burns me and it turns me into ashes
my whole world crashes without your kiss of fire

(Singing together to the end)

â”€I can't resist you, what good is there in trying?

â”€Por tu milagro de notas agoreras

â”€What good is there denying you're all that I desire?

â”€nacieron, sin pensarlo, las paicas y las grelas,

â”€Since first I kissed you my heart was yours completely

â”€luna de charcos, canyengue en las caderas

â”€If I'm a slave, then it's a slave I want to be

â”€y un ansia fiera en la manera de querer.

Don't pity me, don't pity me

Give me your lips, the lips you only let me borrow
Love me tonight and let the devil take tomorrow
I know that I must have your kiss although it dooms me
Though it consumes me, the kiss of fire!

The song is the tango "El Choclo" (the corncob) along with it's english adaptation "Kiss of Fire" first recorded by Georgia Gibbs and a little later by Louis Armstrong
