Right now, you let me down.  
Some things will never change,  
Everything stays the same.  
Forget my name.

I can't believe what I have seen.  
The only thing that I have ever thought to be sure of  
was never anything.  
Walking around with my gun in hand,  
A knife in my back and I can't,  
I can't be stopped.  
Was it worth it to end this so tastelessly?  
You crossed the line, so say goodbye.

Right now, (right now) you let me down (you let me  
down)  
Some things will never change,  
Everything stays the same.  
Forget my name.

Well, I can't breathe with you near me and now you'll  
see  
That I will be just fine without your lies and I'm walking  
away.  
Walking around with my gun in hand,  
A knife in my back and I can't,  
I can't be stopped.  
Was it worth it to end this so tastelessly?  
You've crossed the line, so say goodbye,

Right now (right now) you let me down (you let me  
down)  
Some things will never change,  
Everything stays that same.  
Forget my name and  
By now (by now) I've found you out (I've found you out)  
So don't pretend that it's okay  
Telling me to give you one more day.

Open your eyes, you run and you hide,  
But I will seek you out.

Forget everything you think you know about me.  
This is the last time goodbye,  
The last time goodbye.  
Carry with me the weight of the sea,  
Now watch it all begin to fall.

Right now you let me down (you let me down)  
Some things will never change,  
Everything stays the same.  
Forget my name.  
And by now (by now) I've found you out (I've found you  
out)  
So don't pretend that it's ok  
Telling me to give you one more day.
