step right up , up  
step right up  
pay ur fare (4x)

ur the spit fire  
right tight walker  
law maker  
over talker  
undertaker of the whole damn movement  
like every single thing  
every single one  
fits into a tiny loaded gun  
u've come to make an improvement  
like everything u want  
everything u say  
everything u think inside ur lazy brain supposed to  
appease me  
u seem to think u know  
just how it should go for every single so & so  
but nothing u can do will be easy

cuz i'm not a game  
ur willing to play  
u are what u say  
so come & tell me while i'm walking away  
& if u think u can choose  
for me i refuse  
ur outta ur mind  
to think i'll ever let u come & decide cuz i

i don't wanna ask for ur permission baby  
i know what ur all about  
i don't wanna ask for ur permission baby  
maybe u should cut it out  
i don't wanna ask for ur permission baby  
i know what ur all about  
i don't wanna ask for ur permission baby  
maybe u should bring it down

step right up , up  
step right up  
pay ur fare

ur the strange bedfellow  
no mellow bone about ya  
wanna doubt ya but u seem to keep ur plan in motion  
the regulator  
slick tongue debater  
wanna hate ya when u throw it on the paper  
like a major explosion

cuz i'm not impressed  
u settle for less  
ur under my dress

trying to tell me how to handle the stress  
& if u think u can choose  
for me i refuse  
ur losing ur mind  
to think i'd ever let u come & decide cuz i

i don't wanna ask for ur permission baby  
i know what ur all about  
i don't wanna ask for ur permission baby  
maybe u should cut it out  
i don't wanna ask for ur permission baby  
i know what ur all about  
i don't wanna ask for ur permission baby  
maybe u should bring it down

step right up , up  
step right up  
pay ur fare  
step right up , up  
step right up , up , up

who do u wanna be ?  
what can u do for me ?  
the better side of things  
doesn't fit in ur regime  
& if u think u got me hanging by ur string  
take a good look around  
i got u all figured out now  
this is a new day  
i got a better way  
my head is in the clouds  
or so u like to say  
ball breaker  
lion tamer  
run for ur life  
or keep on losing ur mind  
i'll never let u decide cuz i

i don't wanna ask for ur permission baby  
i know what ur all about  
i don't wanna ask for ur permission baby  
maybe u should cut it out  
i don't wanna ask for ur permission baby  
i know what ur all about  
i don't wanna ask for ur permission baby  
maybe u should bring it down

step right up , up  
step right up  
pay ur fare
