Sitting in your driveway
Staring down the street
Wondering if you're ever gonna come and talk to me
Dreaming in your peaceful nest
Smiling. Loving peacefulness
Man, you got it going on from halfway up the street

But, you just sit there and wait for me to come and talk
to you
You just sit there and wait for me to come and talk to
you

I wish that it were easier
I wish that I could say

'holla holla holla!' come on girl. Get up. Stretch those
legs.

But, you never even realize
Hiding in those midnight eyes
Everybody, everywhere just trying to break through

I guess I'll sit here and wait for you to come and talk to
me
I'll just sit here and wait for you to come and talk to me
To me. To me.
