Rest here a while, she said
Don't go away just yet
If you leave me all alone you won't know
what I really meant to say just before you hit the road
that
though I tried to find a way, my words could not convey

I'd say baby, baby don't you leave me here tonight
alone
I don't want you to go home
I don't want to be alone
Baby, maybe if I said you to that I'd turn out the light
Would you come to life? Would you take that dive?

So tell me to go and I'll stick around. We can both watch
this ship go down
Ask the right questions, I'll tell the right lies.
Just don't leave me here tonight
If you came back to me and sang fa la la la to me now it
would be alright
So, just tell me to go and I'll stick around
Just don't leave me here tonight

Alone. Waiting for you. Waiting by the phone
Its clear to me you're not coming home. Where can you
be?
What? Out getting high late night? Just be by my side
I can't let you deny. I won't let you try and hide

Baby, baby don't you leave me here tonight alone
I don't want you to go home

I don't want to be alone
Baby, maybe if I said you to that I'd turn out the light
Would you come to life? Would you take that dive?
And the mercury climbs.

So tell me to go and I'll stick around. We can both watch
this ship go down
Ask the right questions, I'll tell the right lies.
Just don't leave me here tonight
If you came back to me and sang fa la la la to me now it

would be alright
So, just tell me to go and I'll stick around
Just don't leave me here tonight

So, just come back tonight and sing fa la la la just like
this
Fa la la la la.

Baby, baby don't you leave me here tonight alone
I don't want you to go home
I don't want to be alone
Baby, maybe if I said you to that I'd turn out the light
Would you come to life? Would you take that dive?
And the mercury climbs
And the mercury climbs
And the mercury climbs as I Descend
