I hold you close
Tell you that you're mine
Knowing you were mine once before
Needless to say, you've left. You're on your way
Far from this place you once loved

I don't know you and you don't understand
Where have we both gone these days?
I guess its time for me to have to say the hardest thing
I'll ever have to say to you

I'm in love with your kindness
I've said it once or twice
It's hard to go down easy when we're both so damn
nice
It's a shitty situation and I know that you're concerned
But, to find the best part of me
I guess you'll never learn
Talk of love. Talk of joy
We had our fill. We had our fun
Now the only thing that's filling up is this liquid in my
lungs

Let it go
Let it go
We've got to let it go
Let it go
Please, we've got to let it go

I'm not one to talk around the truth
I'm not one who doesn't say what he feels but
Honestly, I can't remember who laid the ground rules
for me and you
Feeling my heart break in two
Feeling my heart break with you

Now, I loved you like a never loved before
But, I think you loved me more
You always had so much love
I'm sorry for these words that I sow
They're the only ones I know
And the only way I know to say

I don't know you and you don't understand
Where have we both gone these days?
I guess its time for me to have to say the hardest thing
I'll ever have to say to you

I'm in love with your kindness
I've said it once or twice
It's hard to go down easy when we're both so damn
nice
It's a shitty situation and I know that you're concerned
But, to find the best part of me
I guess you'll never learn
Talk of love. Talk of joy
We had our fill. We had our fun
Now the only thing that's filling up is this liquid in my
lungs

Let it go
Let it go
We've got to let it go
Let it go
Please
