Hey, lonely girl. Are you sick of this as I am?
Hey, lonely girl. When are you coming back down?
I can only wander now. And, this wandering's done me
in.

So, I wonder? Lonely girl, When are you coming home
again?

I don't understand why you're leaving this way
After all that we've done and all that you'd say
'cause you were there
right in front of me
every step of the way
And, I've come to believe that the air that you breathe
as you're burning up time
Is burning me blind
It's burning me until I find scars
I can't make a sound so I'll try to find words that say

Hey Hey, Hey
Hey Hey, Hey
Lonely girl
Anyway, its worn out tonight
Anyway, its worn out tonight

Love, love, love , love, love, love, love
Love, love, love , love, love, love, love

I wanted you then
I needed you then
I loved you then
I love you now
Are you hearing me?
Or should I slow down?
I can't find the words so I'll just make a sound and say

Hey Hey, Hey
Hey Hey, Hey
Hey Hey, Hey
Lonely girl
