Branches blowing up. The sky falls down
But, the feeling all around
Sunshine. And, I know you're mine
It reminds me of the place I want to be where all I see is
your
Sunshine. And, I know you're mine

With all this hocus pocus
Come on babe, let's focus on the task at hand
I might be the man who's a sucker for you
But, are you a sucker for me too?

I can take it. I can wait for it
You have found my one track mind
I love everything you tell me
Yes, I love all these words
They flow right through me
I'm alive and I'm thanking you for this sunshine

With secrets kept and secrets told
Man, these secrets are getting old
Without you, I've got no one to tell
So, I'll leave my heart on my sleeve so you can find it
Baby, just remind it that it's you who puts the fear of
God in me
Me and God? We're doing alright, you see?
Don't want to force you to feel things the way I see
So, give the best to me
'cause I'm gonna give my very best for you

I can take it. I can wait for it
You have found my one track mind
I love everything you tell me
Yes, I love all these words
They flow right through me
I'm alive and I'm thanking you for this sunshine

Here comes the rain. It's falling down on me
Better run for shelter or just wait it out and see what
comes of this love
With my lover standing right beside me
It gets me so high

Du du du du du du du
Are you a sucker for me too? 'cause

I can take it. I can wait for it
You have found my one track mind
I love everything you tell me
Yes, I love all these words
They flow right through me
I'm alive and I'm thanking you for this sunshine

Thank God that you and I are alive and
Everything around us is like sunshine
Thank God you're mine
