So, I'll go do my own thing
Know that I should say something
Oh, its driving me wild

Estimating my timing with you
Estimating the where; and when; and how I should do
it, girl
I'm taking guesses and wagering bets from the outside
Do you want to know what's hiding up my sleeve?
I've been thinking of ways to tell you this for a long time
I guess I'm really not that confident, afterall

I'm wondering if everything will be the same
And I'm calculating guesses in this guessing game
I'm looking at the odds from the outside
But, I'm falling for you deeper on the inside
I'm thinking that everything is gonna change
And, if it all goes wrong, I have myself to blame
But, do you really want to know if it feels the same?
that's the risk that I take

I'm kissing your face
It looks so good in my dreams
Did you hear thtat? I said I've been dreaming of you in
the night time

But, I'll go do my own thing
Know that I should say something
Oh, its killing me inside

I'm wondering if everything will be the same

And I'm calculating guesses in this guessing game
I'm looking at the odds from the outside
But, I'm falling for you deeper on the inside
I'm thinking that everything is gonna change
And, if it all goes wrong, I have myself to blame
But, do you really want to know if it feels the same?
that's the risk that I take

Am I going crazy?
Am I going crazy?

Am I going crazy? Yeah

Am I going crazy? Can you tell me 'cause I can't take
this no more.

Am I going crazy? Or has this train pulled up the
platform?

Please exit from this brain 'cause its driving me insane

I'm wondering if everything will be the same
And I'm calculating guesses in this guessing game
I'm looking at the odds from the outside
But, I'm falling for you deeper on the inside
I'm thinking that everything is gonna change
And, if it all goes wrong, I have myself to blame
But, do you really want to know if it feels the same?
Man, that's the risk that I take

That's the risk that I take
