Walk, Talk, come with me. I show you thing never seen. Life, love, liberty. Without Christ be make believe. True style, inner peace Welcome to the real Party.

Riding out. Silly swag. Got my crew up in the back. Base pumping. Haters lag. Wait, let me add on to that. This ain't no carni-party We repping highly highly. We bout to set it off for Christ! Show em how we party.

\*Ooh I wanna take you there. Where the joy flows endlessly Ooh Nothing else compares. But you gotta let it go, g-go, go.

\*\*Don't let these flashing light's deceive you. It's not all fun and bliss. Deep down the world is looking for truth. Be a light and let it shine. Stand out. Don't ever let your guard down. Work out your faith in love. Right now, we bout to run this town. And if they ask, that's just who we are.

So you wanna be free? You wanna live it up? Do you really believe The world has what you want? You see it's temporary. Won't satisfy you long. But life in Christ is eternal. It goes on and on and on.
