Well the sky broke in two  
I found you dancing alone  
Then the room filled up with you  
And a song we both know

That's when you caught me with your eyes  
Sending shivers down my spine  
And then you whispered in my ear and said  
I can feel it too  
And then you pulled me into you

Tonight  
I got you where I want you  
Closer I can tell you anything  
You're the song that I sing  
Tonight  
Let the music take us over  
We'll fall into forever  
All is right  
Cause I got you where i want you  
Tonight, tonight

Through all of science and history  
Well nothings ever stuck with me  
But now i'm locked on to you  
And i'm holding on to  
The only thing i know  
And now i'm never letting go

Tonight

I got you where i want you  
Closer i can tell you anything  
You're the song that i sing  
Tonight  
Let the music take us over  
We'll fall into forever  
All is right  
Cause i got you where i want you  
Tonight, tonight

The whole world could fall away

But you, and i  
No we won't be afraid

Tonight  
I got you where i want you  
Closer i can tell you anything

Tonight  
Let the music take us over  
We'll fall into forever  
All is right  
Cause i got you where i want you  
Tonight

I got you where i want you  
Tonight
