You know you've gotta have soul sista' live free  
You know you've got to live your life un-di-vi-ded-ly  
You can only be whole baby with me  
You live your life forever wanting to be happy

Livin' without me; Drivin' me crazy telling me maybe  
you're in love with me baby

say we can work things out  
did you already forget about  
leadin' me on like a dog on a long, on a long chain

What's happenin' to ya; feels like I never knew ya  
I'll be singin' BOOYA, all the way home  
So complicated; so Irritated  
We almost made it; you gotta do what you do

BRIDGE:

Should I maybe call ya later (call ya later)  
You know I'll be your procrastinator  
Does it feel right to you?  
I'll leave if ya want me to  
I wanna hear harmony but all I'm hearing is the melody
