I heard a knock and you weren't there
my heart is dark and it's not fair
the dark is cold like a winter burn
seems the seasons have turned

CHORUS:

But your eyes; Sharp enough to tear
And your eyes; rip my soul bare...
I wanna run away; how could I remain
I wanna run away; I won't stay
Will I ever see the reason you won't keep me?
Will I ever taste the season...of soul rain

Who am I, a stepping stone
Every word a selfish tone
Ego police, arrest me now
I'm the one left standing and will not bow

BRIDGE:

I can't hear you...anymore
I can't see you...anymore
I can't feel you...anymore
I can't keep you...anymore ANYMORE
