[Verse 1]:

Didn't you used to date her?
What do you mean why do I hate her?
I'd take my hands and gladly strangle
this girl, pull her from this triangle
we're in... (yeah)
Boy, I just can't win...
I'm going through it and
That's why I'm tryna find
No, I gotta find

[Chorus]:

Every girl that ever touched you & hurt that
Every girl that ever loved you & kill her dead
Right away...

[Verse 2]:

And didn't you used to hate her?
So why you tryna lo-cate her?
What if I found her and erased her?
Why would you wanna let a stranger back in?
Boy, I just can't win...
I'm going through it (it)
And that's why I'm tryna find
No, I gotta find

[Chorus]:

Every girl that ever touched you & hurt that
Every girl that ever loved you & kill her dead
Every girl that ever touched you & hurt that
Every girl that ever loved you & kill her dead
Right away...

[Bridge]:

Boy believe me when I apologize
I just don't know how else to put it
The only reason that they're all still alive
is cause I don't know where to put 'em
The only reason that they're all still alive
is cause I don't know where to put 'em
(The only reason that they're all still alive

is cause I don't know where to put 'em)
The only reason that they're all still alive
is cause I don't know where to put 'em, where to put
'em

[Chorus]:

Every girl that ever touched you & hurt that
Every girl that ever loved you & kill her dead
Right away...

(Right awaaaaaaayyyyyyy... Right away...)
