I hear you scream that I don't love you
Well I didn't come here to argue that
I had a dream you needed help from me
Just to pull the knife out of my back

Well ever since December I been waiting on a better
gift than bullshit
Remember
You wouldn't let me touch you, said I make you sick
Well I didn't love you remember
Come to think of it
(I can see it in my past, like a ---)

If I don't love you after all
If you live or die tomorrow
If I don't love you like I thought
Then I don't love nothing at all
But boy I do

I hear you need money for gas baby
Well I didn't come here to blow my stash
That's the thing, you give me your love disease
Well baby you can have that back

Well ever since December I been waiting on a better
gift than bullshit
Remember
You wouldn't let me touch you, said I make you sick
Well I didn't love you remember
Come to think of it
(I can see it in my past, like a ---)

If I don't love you after all
If you live or die tomorrow
If I don't love you like I thought
Then I don't love nothing at all
But boy I do

If I don't love you after all
If you live or die tomorrow
If I don't love you like I thought

Then I don't love nothing at all
But boy I do
