Verse 1.

Boom, Boom, Boom, Dynamite

Land mines, love will blow your ass up every time x2

I could give a fuck where you been, it's all about where
the fuck you going,

You got me kinda open on you; I'm kinda sweet on you,
Now that you got my attention, baby make me you
mission, yeah

Hit that right, touch that spot, do that right, do every
little thing I like,

Blow it up, blow it up, boom, boom, boom like
dynamite,

Giving you my heart baby, now imma say what every
girl is probably thinking!

Chorus.

You better not fuck this up x3

Cause I don't need the drama, boy!

You better not fuck this up x3

Don't ask for my love, if you ain't sure!

You better not fuck this up x3

Baby, cause I've been here before!

You better not fuck this up x3

Verse 2.

I can give a fuck what you did; I only care about what
you're doing,

Boy just make sure that you're rocking me through the
night, and again in the morning,

You got me wrapped around your finger, don't you
baby

Blood shot, got me blushing like a baby, I'm all flushed,
before you drive me crazy,

Before i have to put my hands on you baby, Imma say
what every girl is probably thinking,

Chorus.

You better not fuck this up x3

Cause I don't need the drama, boy!

You better not fuck this up x3

Don't ask for my love, if you ain't sure!

You better not fuck this up x3

Baby, case I've been here before!

You better not fuck this up x3

Don't make my heart seek and destroy,

Seek and destroy, seek and destroy,
Don't make my heart seek and destroy,
Seek and destroy, seek and destroy,
Don't make my heart seek and destroy!

Verse 3.

Oh, I don't need the bullshit, I just wanna live, and I just
wanna give,

My heart to you baby, and I don't need nobody to tell
me what I've got,

I need a love that I can scream from the mountain top,
and I'm right here if you want this,

If you want it!

Chorus.

You better not fuck this up x3

Cause I don't need the drama, boy!

You better not fuck this up x3

Don't ask for my love, if you ain't sure!

You better not fuck this up x3

Baby, I've been here before!

You better not fuck this up x3

Lemme tell you in your ear baby,

You better not fuck this up, you better not,

You better not fuck this up, don't you dare,

You better not fuck this up,

Or imma fuck you up,

You better not fuck this up x3

Or imma fuck you up,

You better not fuck this up x3

Or imma fuck you up,

You better not fuck this up; don't make my heart up,

You better not fuck this up; don't make my heart up,

You better not fuck this up, don't make my heart up

seek and destroy,

Seek and destroy, seek and destroy,

Don't make my heart up seek and destroy,

Seek and destroy, seek and destroy,

Don't make my heart up seek and destroy!
