Am I free?  
Or am I just lost in a thousand waves deep in the  
ocean, ocean, ocean?  
Should I drown myself now?  
Did you crash on me I know you're over thinking things,  
But I need this, need this, need this from you so bad  
now.  
I'm not giving up, I'm not giving in.

Drown me out,  
After all of this pain you won't see me.  
Drown me now,  
Through the fire and the smoke you can breathe me  
Drown me out

Is it me  
Or are you the same as the weather it makes me  
Uneasy knowing, knowing  
How unpredictable you can be  
I'm not giving up, I'm not giving in.

Drown me out  
After all of this pain you won't see me.  
Drown me now  
Though the fire and the smoke you can breathe me  
Drown me out  
Drown me out, just drown me out  
Drown me out

Am I willing to make it  
Willing to make up my mind  
This decision is everything, everything  
Am I willing to fake it  
Willing to fake my whole life,  
This is decision is everything, everything

You know, you know  
This takes the life from me  
Takes the life from me,  
Life of me  
You know, you know  
This takes the life from me

Takes the life of me  
Life from me

I'm not giving up, I'm not giving in.

Drown me out  
After all of this pain you won't see me.  
Drown me now  
Though the fire and the smoke you can breathe me  
Drown me out  
Drown me out (just drown me out)  
Drown me now  
Just drown me out
